Shining Since 2005

Goodwin Integrated Services is dedicated to providing facility management services. It improves companies' work atmospheres, which in turn helps them to work more effectively and efficiently. When entrepreneurs hunted for good business ideas where they can mint money and become famous, we chose to take an altogether different path, a path least travelled. We made our daring venture into facility management in the year 2005.

All that counts at the beginning of the journey is the guts to put your best foot forward. However humble the beginning is, there should be courage to carry over the dream, undeterred. And that's what Goodwin had!

Goodwin began its voyage into the field in the name of Goodwin Facility. Goodwin Facility quickly grew more in strength, gaining laurels and outsourcing many employees to other companies to offer its customer-satisfying services. In May 2014, it emerged as **Goodwin Integrated Services Private Limited** and began to offer the same exceptional quality of service through a large number of efficient employees. It now boasts of its above 1000 dedicated employees.

Mr. Venkatesan Madhavan and **Mrs. Indhumathy Venkatesan** are the directors of the company. Mr. Venkatesan has an experience of more than 15 years in the field of facility management. Mrs. Indhumathy has a seven year experience and together, they've been the driving force behind the company's accomplishments.

With their guidance and ideas, **Goodwin Integrated Services** began climbing its ladder to success! It would be fitting to say that **Mr. Venkatesan** and **Mrs. Indhumathy** have been steering Goodwin's works and have enabled the company to serve many others.
